

POSITIVE SOLUTIONS FOR FAMILIES: TRAINER OF FACILITATORS

This is a trainer of facilitators on the Wisconsin updated Positive Solutions for Families content. The training materials provide information for families on how to promote children's social and emotional skills, understand their child's challenging behavior, and use positive approaches to help children learn appropriate behavior. The Positive Solutions for Families content is designed to be delivered in 5-6 weeks of face to face parent networking sessions. The content aligns with Wisconsin's Pyramid Model training for teachers and has been updated to align with other Wisconsin information.

This workshop session is for anyone who has a responsibility of providing parent education and availability to facilitate parent groups. Participants who attend this training will be able to train parents in evidence based practices to promote social emotional development and therefore decrease challenging behavior.

This Training is limited to the first 50 registrants.
